SNOW AT PALMDALE

Harold Pegler and wife of Palmdale visited from Wednesday until Monday with Sierra Madre relatives. Mr. Pegler says the morning air is crisp and that one-half inch of snow fell a few days ago.

ENTERTAINED WOMAN'S GUILD

Mrs. J. E. Appleby entertained the members of the Woman's Guild of the Episcopal church today at her home, 241 East Grand View. After a short business session, a social hour was enjoyed.

GET TOGETHER SMOKER

Frank E. Cox suggested to us recently that the Chamber of Commerce give a banquet and smoker to the business men and male citizens of Sierra Madre.

This would be a good "stunt." A get together affair with one or two speakers and some music would work wonders in cementing business and social ties. We believe that we have the best town in California for its size. Of course, everything generally looks better to a new comer than it does to us old residents.

Look around, travel if you will, and see if you can find a town with the particular setting that Sierra Madre has. Nestled against Mount Wilson, with a magnificent view of San Gabriel valley and commanding the attention of those who love the beautiful, it is almost impossible for us to think any one living here would hesitate to speak kindly of this little city.

Why not give a banquet to our home men and later invite civic body representatives from surrounding towns to join us for an evening?

BUILDS IN SIERRA MADRE

After looking over the real estate situation in various cities and towns in Southern California, Prof. E. H. Reynolds decided that Sierra Madre afforded the best opportunity for the investor. This week he has commenced the erection of two bungalows on East Central, and before the foundation of one was finished, the house to be erected was rented.

Sierra Madre is the city of homes and just why people with money will hesitate in building homes to rent is a mystery to us. When you can get ten and twelve per cent on your money invested it is our opinion you are making money.

VOICE STUDIO OPENED

It will be interesting news to music lovers that Mrs. Kathleen Lockhart Manning will take pupils for voice instruction in Sierra Madre. She has had the best of instruction in Paris, and the personality which makes her singing so effective contributes to her success as a teacher. She has maintained a studio in Blanchard Hall for several years.

Mr. and Mrs. Manning are making their home at present with her mother, Mrs. Otis Lockhart. Her professional card may be found in another column.

CITRUS CROP \$81,200,000

The value of the citrus crop of California for the year ending Aug. 31, 1920, is \$81,200,000. Dean Walter Mulford of the University of California college of agriculture declared.

More than 150,000,000 acres of land in the State were devoted to this crop which led all other fruit crops in value and in acreage, it was stated. Four times as many oranges as lemons were raised.

Lemon growers of California must find some way to overcome the handicap of the exchange rate," Dean Mulford declared. "Although the selling cost was kept down to the remarkably low figure of 2.01 per cent of the delivered value, California lemons cost the growers not less than \$3 a box, while imported lemons were selling at an average of \$2.33 per box. With the present exchange rate the foreign lemon grower can exchange \$2.33 for a much larger sum in his own country."

ATTENDED BANQUET

Mayor Robert Mitchell and L. E. Sharp attended the banquet Monday night at the Maryland hotel, given by the Tournament of Roses committee. It was a get-together affair; representatives of civic organizations, mayors and newspaper men from over Southern California composed the crowd of two hundred men.

ORANGES TO NEW YORK BY OCEAN STEAMSHIP

Orange growers and orange associations are contemplating shipping the crops to New York by steamship. Twenty-eight days are now consumed in freight transportation from Southern California. Steamship shipments could be made in twenty-two days, and perhaps twenty days. The association plans are for five steamships, each having a capacity of 300 tons.

LIKES SIERRA MADRE BEST

A. N. Adams arrived home Wednesday from a trip to San Francisco, Oakland, Sacramento and the San Joaquin valley. He said:

"The San Joaquin valley is the greatest and most improved ranch country I have ever seen. The work being done on the ranches is marvelous. However, they are having a great deal of fog at this time, and Sierra Madre never looked so good to me as it did upon my arrival home from this trip. In fact, I did not visit one single town that I could think of being more beautiful than our little city."

MEN'S SUNDAY AFTERNOON CLUB IN SIERRA MADRE

The publisher of this paper thinks that an organization of Christian men and men who are not Christians, should be formulated in Sierra Madre. The organization should be composed of men of all the churches and men who are out of the churches. The club house could be used or any one of the churches could be used from time to time. Business men are realizing more and more the need of Christian union among their fellow men, and there is nothing more inspiring to a man or woman living in a Christian community than to see their business men meet once a week for a session with God. We would like to have the organization formed and meet every Sunday afternoon.

RED CROSS NOTES

The board of directors of the Red Cross held their regular monthly meeting on November 26th. One of the most important pieces of business transacted was the decision to buy a Ford runabout to be placed at the disposal of the municipal nurse for her work among the sick of the community. This project has been under discussion for some time and practically every member of the board is heartily in favor of it, the difficulty having been the question of funds. The work of the municipal nurse in this town is increasing steadily, and the distances are so great that it is quite impossible for her to cover the necessary ground by walking. Her efficiency will be increased about fifty per cent, so far as the number of people visited and ground covered is concerned, by having this car.

The title to the car will remain with the Red Cross chapter, the use of it only being donated to the nurse.

Plans were outlined for a supper and entertainment to raise the necessary funds and a committee appointed to carry out these plans. The directors feel that every one in Sierra Madre will be quite willing to do their share toward making the entertainment a success, if they once realize how much good can be accomplished by this aid to the nurse.

Hardly any one not directly in touch with the work of the nurse and our Local Relief committee has any idea of the great amount accomplished how much more remains to be accomplished. By handling the needy cases systematically and under the supervision of the nurse, waste and duplication of effort is avoided and the health and welfare of the whole community is safeguarded. From the standpoint of business efficiency alone it is necessary that the nurse be enabled to travel from one end of the town to the other with no loss of time or energy. The necessary work is sufficient to fill the time of two nurses—the absolutely pressing cases have reached a point where the nurse can no longer attend to them properly unless she has a car.

ENTERTAINS BOSTON FRIENDS

Mrs. Charles Underhill, Miss Phoenix Underhill, Mrs. Frank Friend and Miss Helen Friend of Boston, who are house guests of Mrs. E. W. Camp, were honor guests at a number of pleasant affairs this week.

On Monday Mrs. E. C. Carhart gave a bridge party for them at her home, and on Wednesday they were entertained at the home of Mrs. S. Sigmond at Highland Park.

BIG FEED FOR BOY SCOUTS

The Boy Scouts are planning for a Christmas feed and will spend the vacation in hiking. There are now two full patrols and no more boys will be taken after next Friday.

A large radio station will be erected soon in the scout house which was formerly the second grade room of the Sierra Madre Grammar school. A new library, games and other attractions will be installed. The scout house will be open to the boys every night.

FRUIT SHOWER FOR SICK

The Ladies' Aid society of the Congregational church met in the parlors of the church Tuesday afternoon. Forty ladies were present and each brought a can of fruit of some variety. This fruit is to be distributed among the sick of Sierra Madre.

Each lady was invited to make a quilt block which later will be utilized in relief work.

Mrs. Howard Hill and Mrs. George B. Morgridge were hostesses and served doughnuts and coffee for refreshments.

AUTO FOR THE CITY NURSE

With the increasing duties of the city nurse, the need for some means to save time in transportation of food stuffs, clothing and medicines is apparent. Sierra Madre is a large town for one person to get over on foot and the physical development of the town is more reason why some means should be provided for the city nurse to go about her work.

If there is not sufficient money at this time in the city exchequer for a small auto, buy one with next year's returns from the taxpayers.

The efficiency of the work of the city nurse is just as important to our citizens as that of the administrative branches.

GUESTS AT STORK HOME

Miss Frances P. Greenough, Y. W. C. A. secretary of national reputation, representing that organization at the university of Minnesota spent Thanksgiving week with Mrs. Samuel Stork of this city. After a few months rest and recuperation in our California sunshine, this gifted and finely equipped lady will take up the same beneficent work under the auspices of the Baptist church as their national secretary. We congratulate the church.

NEAR EAST RELIEF

The Service Department of the Southern California Committee for Near East relief, 521 Wright & Callender Bldg., meets with many interesting stories in the course of a week.

Recently Mr. Armen Magarian, who has been working in Los Angeles as a salesman for the California Provision company, received notice that his sister, whom he had not seen for twenty years, at that time a child of five, was on her way to Ellis Island. When the sister arrived, difficulties over passports and over two little children that she had in her care, made it seem probable that Mr. Magarian would lose his sister whom he was so near finding again.

The young man threw himself into the breach by making affidavits to support not only his sister, but the two little children whom he had never seen and of whom he knew nothing save that they were in his sister's care. Through the work of the local Near East Relief Committee, arrangements were finally made, and now his sister is on her way to Los Angeles after having suffered many hardships.

This is but one of the many cases where fortunate refugees escape from suffering, starving and persecution in the Near East, to seek a secure refuge in free America through the ministrations of the Near East Relief Committee.

The suffering in western Asia and the Near East is being greatly augmented by new and repeated Turkish massacres. War is not over for them over there. We must do our part of a remnant of this nation is to be kept alive.

Donations of used clothing are earnestly requested by the Southern California Committee. Such clothing can be shipped to the storeroom in the basement at 1125 South Grand Avenue, Los Angeles, California.

FIFTEENTH ANNIVERSARY OF WEDDING CELEBRATED

Frank E. Cox and wife celebrated their fifteenth wedding anniversary on Nov. 22 with a dinner in Los Angeles and a theater party. Mr. Cox and wife are from Pittsburg, Pa., and Mr.

Cox is now connected with the Adams real estate firm. He is one of Sierra Madre's home town boosters and before locating here he visited every town in Los Angeles county before making a decision on a location for a home.

THANKSGIVING DAY AT THE HARE HOME

W. L. Howard and wife, and Andrew McClelland and L. E. Sharp, wife and daughter, Martha Louise, were Thanksgiving guests at the O. M. Hare home, 297 W. Highland.

Mr. Howard and Mr. Hare are brother and sister and Mrs. Hare and Mrs. Sharp are sisters.

FARM BUREAU MEETING AT BALDWIN RANCH

The Los Angeles County Farm Bureau will hold their annual meeting Saturday, Dec. 4, at the Baldwin ranch, Santa Anita.

The meeting will begin at 11 o'clock and the members are requested to bring their lunch baskets. Topics of interest to ranchers will be discussed by prominent speakers.

CABIN PARTY

Mrs. E. W. Camp entertained the week end with a cabin party in Bailey's Canyon. Guests included Mrs. Charles Underhill, Miss Phoebe Underhill, Mrs. Frank Friend and Miss Helen Friend of Boston, Miss Lorraine Novak of Puente, Miss Helen Williams, Mrs. W. H. Ingraham, Messrs. Raymond Andrews Victor Hill, Herbert Ingraham and Groff Brown of this place.

BUY AT HOME

We urge our readers to inspect Sierra Madre merchandise before buying elsewhere. There are, of course, many things that cannot be purchased here, but a visit to the stores will surprise you, especially the gift, music, dry goods, jewelry, hardware and groceries. Any merchant in town will supply your wants if you will give him a chance.

Buy it in Sierra Madre.

HAS OFFICE WITH DR. GROTH

Mary Groth, D. O., recent'y of Guelph, Ontario, Canada, where she practiced for six years, has taken offices with her brother, Dr. G. W. Groth, at Sierra Madre Hospital, and will work with her brother.

Dr. Mary Groth has been in Sierra Madre for some two months and is so well pleased with California that she decided to enter practice of her profession here and remain as a permanent resident.

THANKSGIVING DAY AT KARGER HOME

Mr. and Mrs. Louis Karger of 59 Esperanza street entertained a number of friends and relatives Thanksgiving day. Among the guests were several musicians who contributed selections.

Ben Gettelman gave numbers on his violin, accompanied by Miss Donnie Short, and Mr. Ehren Hights played on a piano accordion, followed by vocal solos by Mrs. Karger's three brothers.

MISSOURI PEOPLE COMING

The News family is looking for J. F. Sharp and wife some time before Christmas. They are visiting our brother and wife who edit the Enterprise at Grover, Mo. Their household goods have arrived and we don't want to be selfish, but we will be a very happy family when our good father and mother arrive. They have lived at Kidder, Mo., for sixteen years and prior to that time lived at Maysville, Mo. They spent the summer of 1904 at Pomona, Calif.

Contribute to our relief fund.

TOO MANY DOGS

The new publisher of the News lives at 214 North Adams street. Within the confines of one block there are nine dogs. They howl at night. They use the night time for their play time. And they disturb people who are sick and need quiet. There is not one bit of excuse on earth to offer for keeping a pack of dogs, especially the kind that are not kept at home. Some morning a dog or two will be found in our back yard perforated with No. 8 shot.

NEED OF TRAFFIC REGULATION

If the Los Angeles civic association did but know it, they are keeping many people from the surrounding towns away from Los Angeles on account of the miserable traffic regulations. There is absolutely no pleasure whatever in going into town in a machine or on the electric cars for a day of shopping or business. A few simple changes and a few extra traffic policemen would work wonders.

Draw up the papers, lawyers, and come over to the flat; I'm a republican and my wife's a democrat.

OUT OF TOWN CLUB NOTES

For friendliness, sociability, hospitality, courtesy to strangers, I place the Friday Morning club of Los Angeles in the first class of all clubs with which I have been associated.

We are gregarious creatures—one and all—and after the mind has received its feast of all high thinking, the heart, too, demands its mead of the best of life—companionship. So we of the Friday Morning club, say the dining room of the home-like club house is its heart. Then, after the feast of reason, dispensed in the auditorium, the members go with their guests to gather about prettily appointed tables, supplied with a sufficiently nutritious, well cooked luncheon. Over the cup which cheers but not inebriates, barriers of formality and the reserve of the stranger in their midst, make way and pleasant friendships are formed and fostered. Luncheon finished, there are after dinner speeches by notable speakers—book reviews and dramatic readings. Last Friday an ace of the Royal Flying Corps of England gave an interesting account of the status of the airplane at the inception of the war, its amazing advance in improvements and an impressive prophecy of its future fate.

Tuesday of this week the club gave a reception to its four hundred new members of 1920 and 1921 and their sponsors. The auditorium was cleared of chairs, which were replaced by tables beautifully decorated and set with a dainty luncheon.

The gowns were lovely, the music enlivening and the spirit of cordiality and hospitality reigned.

CITRUS CENTERS
TO FILL NEED HERE

Upland, Calif., December 3, 1920.—The organization of the two citrus centers, Highland-Redlands and Upland-Ontario, is going to fill the gap that has always in spite of everything existed between the growers of citrus and the rest of the farmers and will bring into active participation in farm bureau against some of the worthwhile farmers in the county. Indeed, it should be said that it will bring back these men, for they have all done good work before while admitting that, so far as their own personal interests and the interest of citrus growers in general are concerned, they felt a lack in the work.

H. A. Cherrier of Redlands served two terms as president after playing a major part in the organization of the farm bureau in this county, F. W. Grow served as long as director for the Highland center, and Mr. Price represented the Upland center, now coming to life under the new conditions, until it lapsed for lack of interest when he devoted his time to war work.

Dean Charles J. Booth of the Chaffey Union Junior college, has cooperated all the time with the farm bureau but can make the cooperation between the organization and the big school at the west end much more practical now, and W. M. Mertz, the chairman of the department, to whose activities the new developments are largely due, has stood by a long time, maturing his ideas and ready to strike when the iron got hot.

Filters Don't Stop Influenza.
Recent researches conducted by MM. Nicolle and Lebailly of the Pasteur Institute of Tunis have proven that the microbe of influenza is what is known as a "filter passer"—that is, it is so small as to pass through any filter, no matter how minute the interstices may be.

Live in Extinct Volcano.
In southern Tunisia is a mountain of considerable size called Douirat, which once upon a time was an active volcano. Bubbles of volcanic gases made it a veritable honeycomb of caves, which in these days are inhabited. In fact, the whole mountain is a city—a human anthill, densely populated.

Life in the Dead Sea.
In one of the Jericho hotels there was preserved a declaration jointly signed the same year by over a dozen tourists that they saw fish actively swimming in the Dead sea. At many spots along the shore there are places in which acres of reeds and many trees flourish, and at such spots animal life and bird life are abundant.

Teaching Patriotic Sentiment.
Nancy had seen sent to put Baby Betty to sleep. She rolled the carriage into the front room and put "The Star-Spangled Banner" on the phonograph. As the record began, her mother looked in to see Nancy lifting Betty to a sitting position. "Now, Betty," she admonished, "I know you're too small to stand up when they play 'The Star-Spangled Banner,' but at least you can sit up very straight."

Wine at a Lanching.
When a war galley was launched by the Vikings men were bound to the rollers so that the keel was sprinkled with their blood. The practice of breaking a bottle of wine over a ship's stem at the launch is regarded as a survival of this savage Scandinavian practice or "reddening the rollers," as it was called, just as the custom of leading an officer's charger before the coffin at his funeral is a survival of the practice of sacrificing a chieftain's wives and horses at his pyre.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE, CALIFORNIA, DECLARING ITS INTENTION TO CLOSE UP AND VACATE THOSE CERTAIN ALLEYS SITUATE IN THE SAID CITY OF SIERRA MADRE MORE PARTICULARLY DESCRIBED AS FOLLOWS:

ALL THAT CERTAIN ALLEY 15 FEET IN WIDTH RUNNING FROM GRAND VIEW AVENUE TO LAUREL AVENUE THROUGH THAT CERTAIN BLOCK OF LAND IN SAID CITY OF SIERRA MADRE BOUNDED ON THE NORTH BY GRAND VIEW AVENUE; ON THE EAST BY SUNNYSIDE AVENUE, ON THE SOUTH BY LAUREL AVENUE, AND ON THE WEST BY BLOCK D OF THE REPLAT OF EDMONT TRACT, THE CENTER LINE OF WHICH SAID ALLEY COMMENCES AT A POINT IN THE SOUTH LINE OF SAID GRAND VIEW AVENUE 7.5 FEET WEST FROM THE NORTH WEST CORNER OF LOT 7, BLOCK D, GRAND VIEW TRACT AS PER MAP THEREOF RECORDED IN BOOK 29, PAGE 96, MISCELLANEOUS RECORDS OF LOS ANGELES COUNTY, AND RUNNING SOUTHERLY TO A POINT IN THE NORTH LINE OF LAUREL AVENUE 7.5 FEET WEST OF THE SOUTHWEST CORNER OF LOT 1, OF BLOCK D, GRAND VIEW TRACT;

AND ALSO THAT CERTAIN ALLEY 15 FEET IN WIDTH RUNNING FROM LAUREL AVENUE TO HIGHLAND AVENUE, THROUGH THAT CERTAIN BLOCK OF LAND IN SAID CITY OF SIERRA MADRE BOUNDED ON THE NORTH BY LAUREL AVENUE, ON THE EAST BY SUNNYSIDE AVENUE, ON THE SOUTH BY HIGHLAND AVENUE, AND ON THE WEST BY BLOCK C OF THE REPLAT OF EDMONT TRACT THE CENTER LINE OF WHICH SAID ALLEY COMMENCES AT A POINT 7.5 FEET WEST FROM THE NORTHWEST CORNER OF LOT 7, OF BLOCK C, GRAND VIEW TRACT AS PER MAP THEREOF RECORDED IN BOOK 29, PAGE 96, MISCELLANEOUS RECORDS OF LOS ANGELES COUNTY AND RUNNING SOUTHERLY TO A POINT IN THE NORTH LINE OF HIGHLAND AVENUE 7.5 FEET WEST OF THE SOUTHWEST CORNER OF LOT 1, OF BLOCK C, GRAND VIEW TRACT BEING PUBLIC ALLEYS IN SAID CITY OF SIERRA MADRE.

The Board of Trustees of the City of Sierra Madre do resolve as follows: Section 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Sierra Madre, State of California, to close up and vacate those certain alleys situate in the said City of Sierra Madre more particularly described as follows:

All that certain alley 15 feet in width running from Grand View Avenue to Laurel Avenue through that certain Block of land in said City of Sierra Madre bounded on the North by Grand View Avenue, on the East by Sunnyside Avenue, on the South by Laurel Avenue and on the West by Block D, of the Replat of Edgemont Tract as per Map thereof recorded in Book 52, Page 30, Miscellaneous Records of Los Angeles County the center line of which said alley commences at a point in the south line of said Grand View Avenue 7.5 feet west from the northwest corner of Lot 7, Block D, of the Grand View Tract as per Map recorded in Book 29, Page 96, Miscellaneous Records of Los Angeles County, and running southerly to a point in the north line of Laurel Avenue 7.5 feet west of the southwest corner of Lot 1, Block D, Grand View Tract;

And also all that certain alley 15 feet in width running from Laurel Avenue to Highland Avenue through that certain Block of land in said City of Sierra Madre bounded on the North by Laurel Avenue, on the East by Sunnyside Avenue, on the South by Highland Avenue and on the West by Block C of the Replat of Edgemont Tract as per Map recorded in Book 52, Page 30, Miscellaneous Records of Los Angeles County, the center line of which said alley commences at a point in the south line of said Laurel Avenue 7.5 feet west from the northwest corner of Lot 7, Block C, of the Grand View Tract as per Map recorded in Book 29, Page 96, Miscellaneous Records of Los Angeles County and running southerly to a point in the North Line of Highland Avenue 7.5 feet west of the southwest corner of Lot 1, Block C, Grand View Tract, being public alleys in said City of Sierra Madre.

Section 2. That the exterior boundaries of the district of lands to be

affected or benefited by said work or improvement and to be assessed to pay the damages, costs and expenses thereof are described as follows:

Commencing at the southwest corner of Grand View Avenue and Sunnyside Avenue and running South along the West line of said Sunnyside Avenue to the northwest corner of Sunnyside Avenue and Highland Avenue; thence West along the North line of said Highland Avenue to the East line of said Block C, Replat of Edgemont Tract; thence North along the East line of said Blocks C and D Replat of Edgemont Tract to the South line of Grand View Avenue; thence along South line of Grand View Avenue to point of beginning, excepting therefrom any portion of any public street or alley which may be included within the above described assessment district.

Section 3. The Sierra Madre News, a weekly newspaper of general circulation, published and circulated in said City of Sierra Madre, is hereby designated as the newspaper in which the Street Superintendent of said City shall cause to be published, in the manner and form required by law, notice of the passage of this Resolution, and the said Street Superintendent is hereby directed to cause notice of the passage of this Resolution to be posted, in the manner and form required by law, and to cause a notice, similar in substance, to be published in said newspaper by four successive insertions therein, in the manner required by law.

Length of Night

The length of the night at any time of the year may be found by multiplying by two the time of the sun's rising. Doubling the time of its setting will give the length of the day.

Alias, Too True.

"Many Millions Short."—Newspaper headline. Lots of persons go on the supposition that you can't believe everything you read in the newspapers. But how few, oh, how few, will doubt this!

Great Political Truth.

Half a dozen men control every city, three or four men control every country town, two or three men control every country neighborhood. It is the natural law and no system of government will change it.—Topeka Capital.

Its Drawback.

Jinks—"You don't mean to say your wife wants to sell that prize toy terrier you bought for her?" Binks—"Yes, she does." "Why, I thought that toy was said to be the smallest dog in the world!" "That's the trouble. It's so small she keeps mistaking it for a mouse!"

Seemed Like Wasted Time.

Markets for a short time during the war were not doing any delivering. Mary, age five, one night at bedtime was saying the Lord's prayer. Coming to the part "Deliver us from evil," she exclaimed: "Mother what is the use of praying for that, they won't deliver a thing in this town."

Substitute for Platinum.

Palladium furnishes a substitute for platinum in the dental industry, thereby releasing from use the latter metal. It is nearly as hard as steel, and has the curious property of swallowing hydrogen. A piece of palladium will absorb 650 times its own bulk of hydrogen.

Well, Knowledge Is Power.

Jimmie had been to the dentist to get a tooth pulled. A few days later a friend of the family, a man whose head presented an extremely barefooted appearance, called at Jimmie's house. Jimmie squirmed around awhile and finally asked: "Mister Brown, did it hurt much when ya gotcher hair pulled?"

Miniature Railroad.

The smallest passenger-carrying railway in England is to be found on the estate of S. P. Derbyshire, at Ikeston. The gauge of the roadbed is only seven inches. The engine, a perfect model of the Midland railway 1,000 class, is three-quarter-horse power and will haul four adult passengers or the miniature truck.

Matters Not to Be Discussed.

Of this fact we may all rest assured: The quieter we keep about ourselves, our affairs, pleasant or otherwise, the better it will be for us. Time is at a premium these days, and we hope to surmount our difficulties, no matter how trying they may be, we must wisely learn to keep each and every one of those problems in the background.

Fruit That Produces Oil.

A fruit containing a large percentage of oil has been discovered in the region of Torreon, Mex., and is known by the name of chichopoxtle. Experiments show that 25 per cent of its contents consists of oil of great value in industrial pursuits requiring a lubricant of high quality. It is proposed to introduce the cultivation of this fruit upon a large scale.

A "Bull."

One evening, after the flies had been unusually troublesome, an Irish mistress spread insect powder round the windows and other places in the kitchen where the flies congregated. In the morning she asked the servant girl if there was not a great many dead flies in the kitchen. "Yes, there are, mum," replied the maid. "The room's alive with them!"

Writing Without Punctuation.

Chinese do not need punctuation or any other mark. It might be doubtful from the foreign point of view whether a language is possible that has done away with punctuation. The fact is, however, that punctuation is no longer necessary for Chinese. The characters, besides performing a function of their own, take over that also of the period, comma, hyphen, interrogation, exclamation mark, etc.

Familiarity Bad Form.

In offices and shops where men and women work together, it is bad form for workers to address each other by their first names. Men should be careful to address woman workers as Miss —. Women should not fall into the bad habit of calling men by their last names, as Brown, or Jones, without prefixing Mr. It is possible—and wise—to be friendly without being familiar or undignified.—Biddy Bye.

Protecting Turkeys From Coyotes.

In certain parts of the West flocks of domestic turkeys on frontier farms are protected from attacks by coyotes by tying small bells to the necks of the gobblers. The tinkle of these bells is sufficient, in most cases, to keep the animals away, while not infrequently unprotected flocks which have wandered far from home are annihilated by the beasts.—Popular Mechanics Magazine

"A new commandment I give unto you, That ye love one another; as I have loved you, yet ye also love one another."—St. John 13-34.

The man who shirks his own shoes is thrifty from the ground up.

"I want to see Central avenue made beautiful for Sierra Madre as Orange Grove avenue has been made beautiful for Pasadena."—Capt. Osgood.

All any Democrat has to do for the next four years is to sit tight and watch the other fellows hang themselves.

The Los Angeles Express prints this line in 18 point black-face type, supported by two American flags, across the top of the editorial columns: "This newspaper is 100 per cent American." Is the Express advertising their patriotism?

Southern California is looking to Senator Harding with kindness. California expects great things from him, who with his party, being outside the pale for eight years, is confronted with difficulties and embarrassments and menaced by impossibilities. He is modest, gentle, honest and kindly. He will bear his honors with dignity and discharge his responsibilities faithfully according to the light that God has given him.

Press dispatches of a few days ago told us that President Wilson sat on the south portico of the White House and enjoyed the rays of the warming sun—which gives us the opportunity to remark that nature is benignant and comforting though the heart of man be cold.

The election is over, and the great object for which the storm of hatred against the President of the United States was stirred up is attained. Woodrow Wilson sits alone, broken in health, wrapped in shawls, awaiting not alone the end of the term of his office, but the rising of the last sun his earthly eyes shall behold. He has served his day and generation as few men in all history have been permitted and able to serve. He led first his State and then his Country far and safely along the pathway of progress and justice. He became in his second term, the voice incarnate of the embattled democracy of the world, giving to its ideals not only form but definite purpose and crowning them in the end with victory splendid and untarnished.

His frail body has housed high

to our entering federal work three years ago we were in the printing and publishing business for ten years. Mrs. Wm. R. Lees and Mr. E. A. Newton will assist us and we thank you for courtesies extended.

LEO ELDRIDGE SHARP.

courage, a noble vision and indomitable will. He has laid upon the altar of humanity all he had to give except—as yet—life itself. Stricken and unable to defend himself, he has been assailed, in his last days, with vicious malignity artfully and scientifically planned by partisan chaff for a partisan purpose.

The President remains for yet a while longer. He is our President—the President of the United States. Is it too much to hope that, while there is yet time, the better nature and truer patriotism of America will find expression in a way to carry to the heart of this, one of the many victims of war, the solacing thought that humanity is not ungrateful?

By the Way

The Heart of the Tourist—

Having traveled recently from west to east, and then from east to west by another route, I saw a number of things which might "point a moral or adorn a tale." Some of them pertinent to Sierra Madre may seem worthy of comment from time to time.

Here and there along the line enterprising communities have provided public camping grounds. Auto parties, mostly westward bound, were making use of the facilities provided. These auto parties are streaming into California all the time. What kind of welcome do we give them?

Certainly the community that provides pretty and comfortable camping grounds will do much to win the hearts of the newcomers. This theme is not new but the need grows keener every week. Let's get busy. Nothing promises such large returns for a similar investment.

Can You Remember?

Before the days of paving when a winter rain called out a volunteer flood control brigade like the volunteer fire department of your old home town?

Our Young Friend—

One of the finest young men I ever knew is celebrating his 80th birthday today with the help of a number of loving friends. His age is more than twice my own and the wonder of his youth has been growing on me ever since I met him. Rev. Robert M. Webster has a spirit which is worth more than the perpetual youth which so many have sought in vain.

Did you ever hear him recite chapter after chapter of the scriptures? If so you have doubtless marvelled at the mere mental feat; but you have also felt a warm inspiration at the interpretation of his readings; and you have felt rather humble in the presence of a spirit reflecting so much of

the divine. Sierra Madre has been enriched by his presence during the past three years, most of which have been spent at the home of his daughter, Mrs. A. F. Snell. May he be spared to us for a long while to come.

Don't Skid—

Whatever you do, don't feel "set up"—"upsets" are easy in slippery weather.

Worth While Demonstrations—

It seems rather surprising that more ranchers do not take advantage of the demonstrations of various kinds conducted under the auspices of the County Farm Bureau. Some of them are interesting to a mere newspaper man with nothing more tangible than ambitions in the farm sphere.

On Monday, December 13, 10 a. m., there will be demonstration of methods of gopher control at Monrovia. On the same date and hour there will be a demonstration of deciduous pruning methods at El Monte.

Rewards of Genius—

Art is long, etc., but how can The Man With the Hoe compete with the woman with the hose?

From Iowa—

Like the near-majority of Southern Californians, I'm from Iowa, too. It was good to go back after thirteen years to a town full of dear people who still called you by your first name, a town with wide streets lined with towering maples and elms, where the houses are well painted and the lawns well kept and still green in November. That's Wilton! It was good even to experience all the varieties of November weather, though a Californian does not find much appeal in Iowa roads after two days of rain followed by a hard freeze. Yes, it's good to be FROM Iowa, when you can live in Sierra Madre.

True Estimation

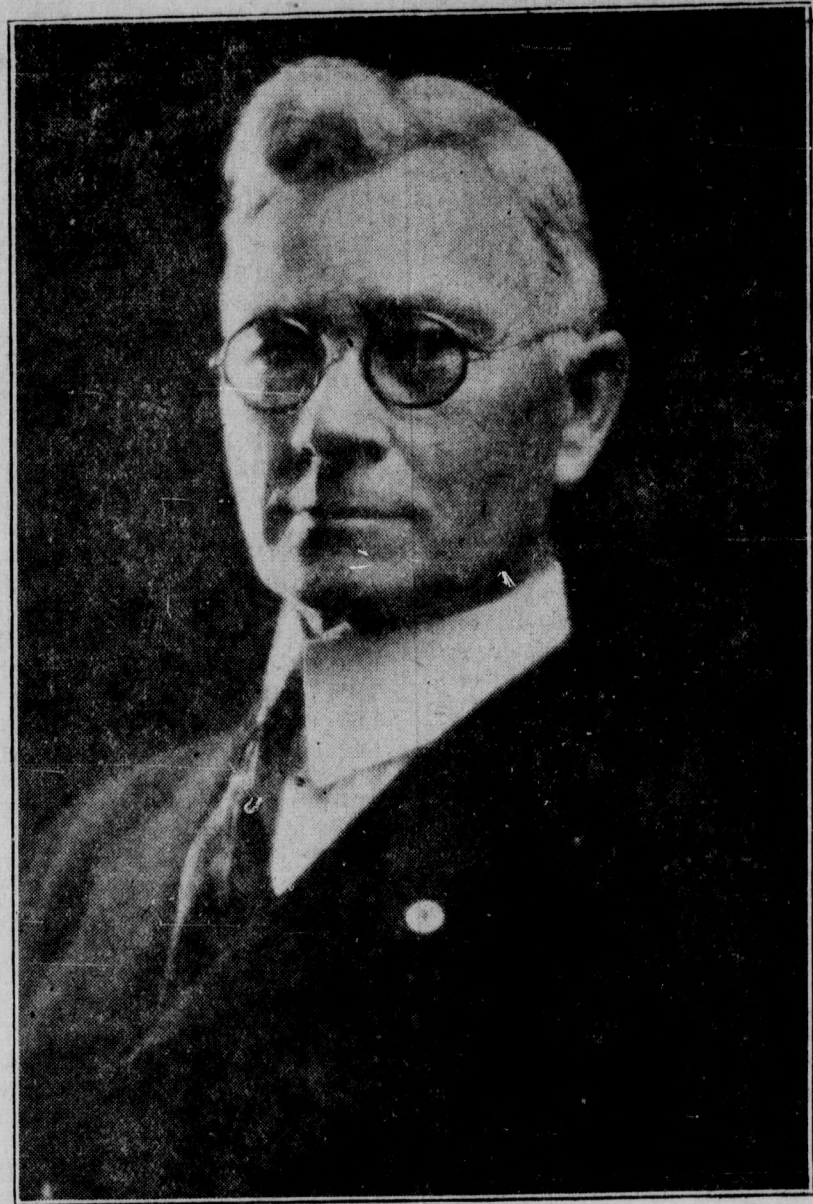

Photo by C. Elmore Grove, Pasadena

Some two years ago Mr. Whiting came to Sierra Madre, bringing his family with him. Within a short time they go to Long Beach to reside, where he has already established himself as a realtor. Sierra Madre and the Chamber of Commerce lose considerable. We wish to commend him as secretary of the Chamber of Commerce for his quick grasp of social and business economies.

As publisher of the News, in the face of obstacles many times, he has been the means of much constructive work for the public good and through his integrity and meritorious work he has gained approbation of a wide circle of business and social friends. His work has been individual in its importance and demonstrative for the portance and demonstrative for the organization of Sierra Madre.

When Mr. Whiting assumed charge of the News he found the town only half awake, in fact many people frankly told him they came here to sleep and did not wish to be disturbed. He decided that a few should not stand in the way of progress and began a campaign to wake 'em up. Some of his methods did not meet with the approval of everybody, but they were fairly successful.

The News, under his administration has pleaded, argued and begged for harmony in civic improvements and all will admit that much good was accomplished along that line. One of the notable public improvements, inspired, financed and installed

by Mr. Whiting, is the ornamental street lighting system. The Board of Trade was asked to take charge of the campaign, but neglected to do so. The city trustees refused to contribute one cent, and two of them opposed the plan, one of them asserting that he would even oppose any extra expense for illumination after the lights were installed. In spite of these obstacles Mr. Whiting through the News submitted his proposition to its readers and by public subscription the money was procured and the beautiful street light system that ornaments our business district is the result and will stand as a monument to the energy and perseverance of the man who had the courage to fight for what he believed to be right.

Every man is supposed to have some pet fad. With Whiting it is motor boats. In times past he has owned several and if you want to see a rough rider ride his hobby just mention motor boats. In a recent talk with him he told us that, confidentially, the salary paid him by the Chamber of Commerce was to be invested in a motor boat and "her" name was to be "Sierra Madre."

We have known Mr. Whiting for six months. He has been our neighbor. We have known him in times when sorrow cast its shadow over his home, when adversity was near, and we have always found him a quiet, even mannered Christian gentleman.

He will be sincerely missed.

**CITIZENS REGIONAL
CONFERENCE DEC. 6**

A citizens regional conference on education for the states of California, Arizona and New Mexico will be held on Monday, Dec. 6, in the state capitol building, Sacramento.

The purpose of the conference, which is one of a series of twelve regional conferences on education, called by the commissioner of education, is to discuss the most important and pressing needs of education in California, Arizona and New Mexico from the standpoint of statesmanship and the public welfare, and from the standpoint of the citizens who own, support and use the schools rather than from that of professional educators.

State and national officials, business and professional men and women, editors, statesmen, publicists, educators and representative citizens in every line of activity have been invited to attend the conference, which will include three sessions. Set speeches and formal proceedings of any kind will be avoided as far as possible. Although a definite understanding will be reached in advance that certain persons will be prepared to speak, it is not intended to confine the proceedings to those persons. The meetings will be conferences in reality, and free and frank expression will be in order.

TUBERCULOSIS SUNDAY

Next Sunday, Dec. 5, will be observed all over the country as Tuberculosis Sunday, on which the attention of church congregations, without respect to denomination or creed, will be called to the nation wide fight to stay the ravages of this disease.

This great work of prevention and relief is carried on by National, State and local tuberculosis societies, all of which unite in asking that religious bodies support the movement which is for the protection of every home in the land.

**SIERRA MADRE TO OBSERVE
PUBLIC SCHOOL WEEK**

School Week will be observed over the country December 5 to 11. Commissioner of Education Claxton has requested the governors and chief school officers of the States to take such action as may be necessary to cause the people to use this week in such a way as it will most effectively disseminate information in regard to the conditions and needs of the schools.

Chambers of commerce, boards of trade, women's clubs, Rotary clubs, labor unions, farmer's organizations and patriotic and civic societies are requested to devote one meeting to a discussion of the needs of education in their States. The ministers also are asked to devote one of their services on Sunday, Dec. 5, for emphasizing the importance of education.

At 7:30 Friday evening, Dec. 11, a meeting is to be held in the Kindergarten building for the purpose of discussing the needs of our schools, the means of meeting these needs and remedying conditions.

Dean Shaw and Prof. E.H. Reynold will speak, after which there will be open discussion on educational subjects. Parents and all those interested in the school and its activities are urged to be present.

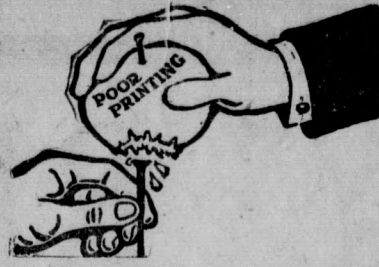

SCHOOL CHILD RECOVERING

Little Frances Glidden of 305 West Laurel avenue, is recovering from the rather painful accident of cut tongue and cut lips, which she received in a fall on the school grounds last Tuesday. She will be able to resume her studies at school Monday.

**SAYS ALL FILIPINOS
WANT INDEPENDENCE.**

"It is frequently said that only the politicians in the Philippines want independence, but I do not think such is the case," said Dr. D. M. Gandier, superintendent of the California Anti-Saloon League, who has just returned from the Philippines. "I have met all classes of people from various parts of the islands and all alike seem to me to desire independence. I am inclined to think that they have the ability to govern themselves. We are developing a social and political conscience in America and they will develop one there; and I very much doubt that they will learn as fast under present conditions as they would under complete independence. Independence in some form is bound to come and I am inclined to think that it had better come soon."

Sierra Madre merchants have their Christmas goods on display and local buyers should look them over.

GO TO CHURCH SUNDAY

Next Sunday, the second Sunday in Advent, is to be a special Sunday at the Church of the Ascension. The rector is to present the matter of the nation wide campaign and the request is made that every member of the parish make an earnest effort next Sunday to be present. The rector urges every one to put aside everything else and be present at the morning service, 11 o'clock.

RED CROSS ROLL CALL

The active work of the Fourth Red Cross Roll Call came to an end Nov. 30. The money for the few promised memberships that have not come in and for any other late ones may be given to the chapter treasurer, Mr. Herbert Ingraham, or at the First National bank, or sent to C. W. Forman, 241 Santa Anita Court.

An interesting feature of the past week was the report of C. M. Nomura, who brought in 21 members at just the right time to complete the quota of 700. This brought the total Japanese membership here to 27, in which every Japanese family in town is represented.

The solicitors and district captains finished the tedious work of rounding up the scattered late memberships so very effectively that the total now amounts to 739, which is 73 more than last year.

The Roll Call director takes this opportunity to extend his sincere thanks to the solicitors, district captains, the Chapter chairmen and the many others who helped in various ways to make this roll call successful.

The only regrettable feature of the enrollment is that there appears to be many errors in initials and spelling of names. As more serious errors are always possible, it is hoped that a complete list of the members can be made in the near future and members given an opportunity to check up their names.

The \$5 memberships amounted to 13, which makes the local chapter's share \$415.

Thanks to the generosity of Mr. J. F. Whiting and others, the expenses for printing and postage reduced to zero, and the only expense is the moderate rental of \$10 for the room in the Rainier hotel.

C. W. FORMAN, Director.

LOCAL RELIEF CHRISTMAS FUND

Contributions for the local relief Christmas fund are coming in slowly too slowly, perhaps because some of our readers haven't quite got into the holiday spirit of giving yet. For fear some may not understand our purpose in appealing for this money, we will again state the object.

The money raised by these voluntary contributions is to be used for the Christmas baskets of the sick and needy in our midst. This year there are fifteen families where sickness and unemployment, old age and the taking away of the bread winner have brought the wolf to the doorstep, and our Local Relief committee is working to keep him from getting inside the door.

The daily needs of these families are being supplied by our local agencies with some help from the county, the Red Cross chapter has turned over its half of the money received in the recent Roll Call for this purpose, but there is no surplus for anything beyond bare necessities. There will be no Christmas in these fifteen homes, nothing extra for dinner, no toys to make glad the hearts of the kiddies, except what can be bought by money raised by contributions to this fund.

The people of Sierra Madre have generous hearts, no appeal has ever been ignored by them, and we feel sure they will not thoroughly enjoy this festival, the family reunions and feasts, the happiness of their own children in their gifts, if they know that there are any within our gates who are neglected and in want.

There are so many here, strangers in a strange land, making the fight for life and strength, to whom these anniversary days are sad and lonely—filled with the memories of happier times. Let us all do our share to brighten this day for them, to make them feel that the real spirit of Christmas is very present in our town, the spirit of giving joy and happiness to others.

Send in your contributions now, before the lovely things in every shop window have enticed all the pennies from your pocketbook, and then go on about your shopping for your own dear ones with the comfortable little thought tucked away in your head that some lonely, sorrowful souls are going to have a happier Christmas because of you.

MY LAST FAREWELL

By DR. JOSE RIZAL.

Farewell, dear fatherland, clime of the sun
Pearl of the Orient seas, our Eden lost,
Gladly now I go to give thee this, faded
life's best,
And where it brighter, fresher or more
blest
Still would I give it thee, nor count the
cost.

On the field of battle, 'midst the frenzy of
fight,
Others have given their lives without
doubt or heed;
The place matters not—cypress or laurel
or lily white,
Scaffold or open plain, combat or martyr-
dom's plight,
'Tis ever the same, to serve our home and
country's need.

I die just when I see the dawn break
Through the gloom of night, to herald the
day
And if color is lacking my blood thou
shalt take,
Pour'd out at need for thy dear sake,
To dye with its crimson thy waking ray.

My dreams, when life first opened to me,
My dreams, when the loves of youth beat
high,
Were to see thy loved face, O gem of the
Orient sea,
From gloom and grief, from care and
fear, from
No blush on thy brow, no tear in thine
eye.

Dream of my life, my living and burning
desire,
All hail! the soul that is now to take
flight,
If to thy lips and kiss my soul so,
I may feel on my brow in the cold
tomb below
Such of thy tenderness, thy breath's
warm flower.

If over my grave some day thou seest
grow
In the grassy sod, a humble flower,
If to thy lips and kiss my soul so,
I may feel on my brow in the cold
tomb below
Such of thy tenderness, thy breath's
warm flower.

Let the dawn shed over me its radiant
flashes,
Let the wind with sad lament over me
sigh,
And if on my cross a bird should be seen,
Let it thrill there its hymn of peace to my
ashes.

Let the sun draw its vapors up to the sky
And heavenward in purity hear my tardy
protest;
Let some kind soul o'er my untimely fate
cry,
And in the still evening a prayer be lifted
on high,
From thee, O my country, that in God I
may rest.

Pray for all those that hapless have died,
For all who have suffered the unmeasured
pain;
For our mothers that bitterly their woes
have cried,
For widows and orphans, for captives by
torment tried,
And then for thyself that redemption thou
may'st gain.

And when the dark night wraps the
graveyard around,
With only the dead in their vigil to see;
Break not my repose or the mystery
And perchance thou may'st hear a sad
hymn resound;
'Tis I, O my country, raising a song unto
thee.

When even my grave is remembered no
more,
Unmark'd by never a cross or a stone;
Let the plow sweep through it, the spade
turn it o'er,
That my ashes may carpet thy earthly
floor,
Before into nothingness at last they are
blown.

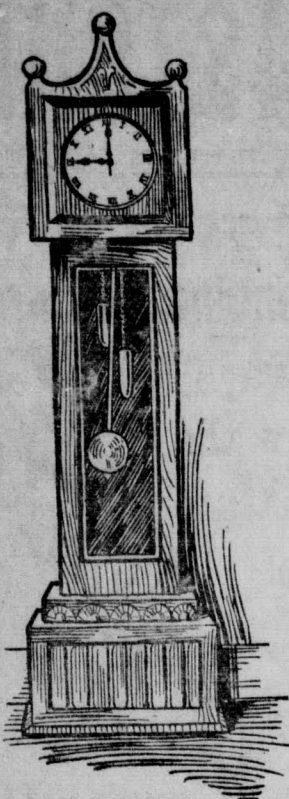

Then will oblivion bring me no care,
As over thy vales and plains I sweep,
Throbbing and cleansed in thy space and
air,
With color and light, with song and
lament I fare,
Ever repeating the faith that I keep.

My fatherland adored, that sadness to my
sorrow lends,
Beloved Philippines, hear now my last
goodbye.
I give thee all: parents and kindred and
friends;
For I go where no slave before the
oppressor bends,
Where faith can never kill, and God
reigns e'er on high.

Farewell, father and mother and brothers,
dear friends of the bedside;
Thankful ye should be for me that I rest
at the end of the long day,
Farewell, sweet, from the stranger's land,
my boy and my comrade!
Farewell, dear ones farewell! To die is
to rest from our labors!

7:30 p. m. (Wed.) Prayer Meeting.
Bible class at the home of Miss Stone 206 N. Auburn, Thursday afternoons at 2:30.

Mr. Francis R. Moote Sunday school superintendent; Rev. A. H. Miller, Bible class leader; Miss Frances Stone Bible woman.

It is quite striking the general interest taken in the sermon preached by Dr. Rawlings last Sunday morning. His subject was "Human Needs and the Divine Supply," the text being taken from Phil. 4:19; "My God shall supply all your need according to His riches in glory by Christ Jesus."

Several friends are enquiring about the continuance of the building of the new handsome temple. As was stated last week the entire work goes on in simple faith, no person is begged to give, but constant prayer is made and the needs of the work are publicly stated each Sunday. While no one is asked for money it is the privilege of any interested friend to hand in their check, making it payable to Bethany Church Building Fund, and handing it in to the local bank or hand it direct to the secretary and treasurer, Mr. F. D. Moote, or to the Rev. W. H. Rawlings, LL. D.

The young people of the Bethany Church give you a cordial invitation to attend their Sunday evening service at 6:30. Mr. Vans, a worker among the Jewish people of Los Angeles, will have charge. Come and hear what God's Word says about our relation and duty to the Jewish people.

YOUR ENGINE requires an internal bath frequently. Road dust, carbon from the combustion chamber, and fine particles of metal worn from the bearing surfaces get into the lubricating oil in the crankcase. All this dirt circulates with the oil through the engine. If it isn't drained out regularly there's bound to be excessive wear and tear. Gasoline also escapes past the pistons and dilutes the oil. Modern Crankcase Cleaning Service gets rid of the dirty, diluted oil,

flushes the crankcase thoroughly and refills with clean, fresh oil.

The garages listed below are now equipped to perform this needed service quickly and for a nominal charge. We use Calol Flushing Oil, which cleanses thoroughly without danger of contaminating the fresh Zerolene refilled into the cleaned crankcase.

TODAY: Bring in your car for Modern Crankcase Cleaning Service. It will result in better engine performance and longer life for your car.
